

REMARKS

The foregoing proposed amendment cures with the objection to claim 8 and makes certain other minor corrections, as follows:

In claims 3 and 22, "application surface" has been changed to "applicator surface" to make these claims consistent with the nomenclature in claim 1.

In claim 4, a preposition has been added.

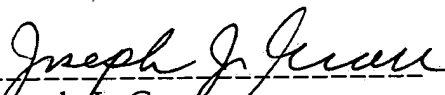

Claim 5 has been amended to better accord with the disclosure.

Claim 8 has been corrected as required by the Examiner.

Claim 18 has been improved as to grammar.

Entry of the amendment to place the application in better condition for appeal is respectfully requested.

Respectfully submitted,
